TEST APPROVED

All Types & Size AC/DC Voltage (High & Low Speed) Motor Rewind & Repair

Single Phase Motor:

Low & High Voltage
Voltage: 110, 220, 380 & 460

- * Rewinding
- * Bearing
- * Cover Bushing
- * Shaft Machining

Three Phase Motor:

Low & High Voltage
Voltage: 220, 380 & 460
Lead: 3 lead, 6 lead, 9 lead & 12 lead

- * Rewinding
- * Bearing
- * Cover Bushing
- * Shaft Machining
- * Rotor Balancing

Repair for Gear Motor rewinding and mechanical work

All Types & Size Compressor Stator Rewind

- * Volt & Ampere Inspection
- * Rewinding
- * Cleaning & Stator Repair (If Damage)
- * Testing & Commissioning
- * Low & High Voltage
- * Voltage: 220, 380 & 460
- * Lead Connection:
3 Lead, 6 Lead & 9 Lead
- * High & Low Speed

All Types & Size Water Pump Rewind & Repair

Single Phase:

Low Voltage
Voltage: 110 & 220

- * Rewinding
- * Bearing
- * Clutch Change
- * Cover Bushing
- * Mechanical Seal
- * Impeller - Gasket
- * Shaft Machining

Three Phase:

Low & High Voltage
Voltage: 220, 380 & 460
Lead: 3 Lead, 6 Lead 9 Lead & 12 Lead

- * Rewinding
- * Bearing
- * Mechanical Seal
- * Gasket
- * Cover Bushing
- * Shaft Machining
- * Impeller Change
- * Coupling Rubber

All Types & Size Compressor Mechanical Work

- * Start-up Inspection
- * Servicing
- * Overhauling
- * Fitting
- * Rebuild Compressor
- * Testing

Cold Store & Freezer

- * Maintenance / Repairing Freezer and Chiller with service
- * Build up Cold Rooms and installing New Units
- * Maintenance Cold Store
- * Industrial, Commercial and Domestic all types of Units

- * Installation of Air Condition units, thermostat, copper pipe and wiring.
- * Smoke, Light test for the ducts.
- * Units start-up testing & commissioning.

All Types Air Conditioning Units Installation

it's worth remembering that installing your air conditioner shouldn't reduce the fire resistance level of any wall or affect your place structural integrity. There are many other factors which can affect the installation of your new air conditioning system which can place restrictions on where and how your air conditioning system can be installed. To avoid any wasted costs, we highly recommend arranging our Specialist team to come to your place and carefully assess. They will be able to advise on the best location to install your unit both inside and outside.

All Types of A/C Maintenance

Our extensively trained air conditioning technicians bring high-quality service to every customer at every visit, Regardless of when you need a service, you can count on our air conditioning experts to be close at your place. Our technicians can maintain all kinds of Air Conditioner Units.

Types of service we provide:

- ONE-TIME SERVICE
- ANNUAL MAINTENANCE
